### **NÄÄS – A distinguished heritage in Swedish crafts and 500 years of history!**

Nääs became world renowned through its Crafts College and for more than fifty years was regarded as “Sweden’s window to the world”. Nääs’ history stretches back to 1529 when, according to the title deeds, its first owner Joen Småsven bought the land and began constructing a large manor on the promontory in Lake Sävelången.
